What Patients are saying:

'...It was easy to apply, softened the irritated area, and I believe sped up the recovery time..' Patient Kern W

'The cream was very soothing and made my recovery much more comfortable and tolerable. Also extremely easy to apply to the gums.' Patient James

Patient Abby said, ' ... It looked like my gum was rotting and after the first night of using the cream it was already healing. I will be using this cream even when my gums is not infected!'
