

E-RINSE WIZARD'S ORAL RELIEF

FALL IN LOVE WITH FEELING GOOD

After Treatment Post-op Benefit:

Alleviates temporary discomfort by:

Pulls the water by osmosis out of the tissues: Decreasing the tissue size.. Decreasing discomfort

Alleviates temporary redness:

Cools, calms, & decreases water in the target site; Decreasing tissue puffiness..

Cleans gums and cleans off dead tissues on the gums and lips:

Remove dead, flaky tissues after dental procedures to improve the appearance and condition...

Cleaning and removing tongue coating, debris caught in the tongue.. aids to restore fresh breath!

Feels good, tastes good;

Patients feel good when they leave the chair and go to check-out.

Patients can continue using the product at home to keep that feeling good feeling...

Clinically testing for over 5 years! Everyone loves it!
